**DETAILED ACTION**

***Double Patenting***

1. Claims 1-20 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 2-20 of copending Application No. 10/214,434 in view of Hernandez (4,071,921). The 10/214,434 application recites a blanket having a first layer of wool material, and Hernandez teaches a blanket having a cloth facing (12) that may be made of nylon or wool, and that it is well known and would have been obvious to provide a blanket made of cloth or wool material to provide a more comfortable layer for the user.

This is a provisional obviousness-type double patenting rejection.
